THOUGHTS
FROM THE
DESK of...

**Rev. Teresa
Stewart-Sykes**

When Fr. Keith asked me to write an article for the V&V Parish Magazine about myself, I never imagined it would be this difficult; reflecting on who I am and where I have come from has led me down several philosophical and emotional rabbit holes, and I have emerged from this process not a whit wiser but certainly intrigued by the course of my life and what has influenced it.

Having been a fundamentally shy and anxious child growing up in the conservative Cotswolds, I am surprised to find that 'change' has had a fundamental influence on my adult life. Mahatma Gandhi famously said, 'Be the change you want to see in the world', and I guess that's what I was doing when I was one of the first cohort of women to serve as clergy in the Church of England. I was ordained Deacon in St Albans Abbey on 1st July 1989 and thereafter, for the first four parishes I served I was the first woman to wear a collar and to minister at the altar and in the pulpit. What an exhilarating, challenging, and transformational experience ministry in the Church has been - in total 8 parishes, two of which were overseas! And gosh, if I was changing the world the world was certainly changing me! What incredible people I have met, whose lives and faith have changed my view of how living the Gospel message should be accomplished; their names are written on my heart and certainly their names are written in heaven!

The 'Service' of parenthood and marriage is also part of the golden thread that weaves its way through my life. God blessed me with three children and the easiest multiple pregnancy and birth I could have wished for. They are now 26 years old and make me proud and drive me crazy in equal measure! God also blessed me with a second chance at marriage, and you will know when you meet my husband Jon, what a blessing he is. Together our blended family includes five adult children, now all scattered across the country pursuing various careers and unusual interests. From time to time, they may pop up in the villages, which they all know well having grown up in Dorchester; and you will certainly hear Jon and I talking about them, because serving our children as parents has been our greatest joy (though I can hear Jon rumbling 'and the greatest challenge!').

The sparkling core of the golden thread that runs through my life, is of course the presence of God. I gave my life to God at the age of twelve and made a covenant then to serve God's purpose for the rest of my life. How simple it sounded when I was twelve, but my goodness how

Any of the above can be approached in the first instance for Baptism, Marriage, Home Communion or just a visit and they would welcome being told when anybody has been bereaved or is ill. They have answerphones for you to leave a message.

If you want us to remember anything or anyone in the public prayer of the Church, we would be glad to do this as long as permission of the person involved is assured.

continued from page 4

THOUGHTS
FROM THE
DESK of...

**Rev. Teresa
Stewart–Sykes**

complicated, elusive, enthralling and heartbreaking the Christian journey has turned out to be! My husband often says, 'Every day is a school day' and I think even the saintliest Bishop would find this is true. The more we know about our God, how we are to pray and to serve God's people, the more we realise we are as innocent and spiritually naïve as the disciples in the Upper Room not knowing whether to hug or to worship the Risen Jesus standing before them. We know that leaving the Upper Room, those disciples were changed immeasurably, served unquestioningly and sacrificed much and this is the pattern for ministry in the Winterbournes.

As I come to live amongst you and minister in partnership with you, I pray that 'change', 'service' and a life of searching faith will continue to characterise my life.

God's blessings to you and your families,

Rev Teresa x

The Martinstown's Defibrillator...

We've had a defibrillator in Martinstown for 5 years. It is located by the front steps on the outside of the Village hall, easily accessible to all. Alan Harding wrote an very informative article for The V & V magazine recently explaining its use, which is simple: the key message is to 'phone 999. The emergency services operator will explain really clearly what to do and if the use of the defibrillator is needed.

Dick Corbett Winder was the far-sighted person who led the fundraising and organised the purchase and installation of the defibrillator. The money to buy it was raised from the Village – some of the funds came from organisations, including the Church and the W.I. and some came from generous individuals: local businesses, including MJ Fry Ltd, contributed, and Andy Whitty Ltd made a donation-in-kind by installing it without charge. We're very lucky to live in such a community minded place.

Defibrillators need a constant supply of electricity in order to keep the cabinet in which they are housed lit and at a steady temperature. The Village Hall committee agreed when it was first installed that, although it is not 'owned' by the Village Hall trustees, the cost of the electricity would be seen as part of an on-going commitment to keep it going for the good of all.

There are some on-going costs involved in the upkeep of the defibrillator: a small 9v battery has to be regularly checked and replaced if necessary: this is a very small cost. The pads which are attached to the chest of a person have to be replaced every 2 years or after each use. Two new sets of pads costs £110. The main battery which provides the life-saving charge has to be replaced every 5 years and is due for replacement this Autumn at a cost of £220. VAT of £66 is added but shipping is free.

The matter of funding for the upkeep of the defibrillator has been raised at Parish Council meetings, but the fact that no one person or group 'owns' the defibrillator is seen by some PC members as anomalous and it appears that no financial support for this potentially life saving

piece of equipment is available from Parish Council funds.

A total of £396 has been paid by a villager, and a replacement battery + 2 sets of replacement pads have been received. We have decided to make a direct appeal to villagers to help to cover these costs. If you would be prepared to share in this expense, please would you place your donation in an envelope marked Defib and either leave it at the shop or let us know, and we'll arrange collection. If you would like to see proof that this money has been spent in this way, please ask to see the order forms, despatch notification and receipt.

The contact is Jan Griffiths, 01305 889738.

THIS MONTH'S NEWS FROM
Martinstown Women's Institute

The title for our talk in September was "A Spotty Tale" – who would have thought that a talk about Smallpox could be so entertaining! Dr Peter Tate, retired GP and author, recounted his experience as a ship's doctor on a P&O cruise in Australia when one of the ship's crew was found to have a rash which was diagnosed as smallpox - one of the last 3 cases in the world. This resulted in 1800 passengers having to be vaccinated and inspected every 12 hours for 7 days. Eventually the ship was allowed to sail from Darwin to Brisbane where the infected crew member was taken off the ship which then proceeded very slowly on to Sydney. The happy ending to Peter's story was that he met his future wife on the ship.

Next month on **Wednesday 9th October at 7 pm** Phil & Roelie Newman will be giving a presentation on "**Ethiopia: What you know but probably didn't realise**". This will be an open meeting and all friends from the village are very welcome. **Entrance fee £3.**

Winterborne St Martin PARISH COUNCIL

NEWS

OCTOBER 24

I draft on 12th September – I think this important for context of what follows. In the past weeks we have seen the best and worst of our Parish. The best with the turnout for the Celebration of Sqn Ldr Symonds life, so brilliantly organised by Deborah Follet, and the return after 4 years of the Martinstown Garden and Craft Show pulled together by Richard Benson and his team. To my mind it is events like this, and the countless volunteers who manage assets such as the Village Hall, or organisations such as the Women’s Institute or Valley Club, that bring our community together. The worst (which isn’t saying much given the near idyllic environment) is demonstrated by the vituperous commentary that followed reports of parking blocking footpaths needed by disabled parishioners and children, and by recent incidents involving younger people causing criminal damage, or hurt to animals whilst cycling on pavements.

On the upside the PC was pleased to have supported the restart of the Village Show with a grant from S137 funds and it was pleasing to see that so many people took the trouble to enter and /or attend. This, like all the Parish Council’s money is yours and we are now in the process of beginning to spend Community Infrastructure Levy monies. Every proposed expenditure is described in our Agendas, so you have the opportunity to comment prior to decisions being made in Council, or indeed give us ideas on things you’d like to see it spent on. We will, by the time this is published have reinforced our CIL system capturing all previous decisions to spend ready to report later this year. On the downside the PC will continue to respond to and report incidents that affect residents, be it to Dorset Council in the case of footpaths not being maintained or being blocked by electric fences, or to the Police where a criminal offence might

be, or has been, committed – such as parking obstructing pavements. If you are one of those who disagrees with this approach, please see my comments below about getting your voice heard.

Changing the subject, this year’s expenditure comes into focus in the coming months as we must propose our Precept to Dorset Council early in the new year. The precept is based on our proposed budget which is usually published prior to and debated at November’s meeting. My analysis is, that with rising costs, we cannot continue to support current levels of activity without an increase, and again in my view we must make tough decisions about what to spend where and how much we must, could or should do to enhance the Parish. You can be part of this debate by attending meetings or better still by joining us on the Council – we are not all “busy bodies” in fact I’d say we are all genuinely trying to maintain or enhance our community. However, I have previously pointed out that or PC is not properly representative of our parishioners, with no female representation and a shortage of younger folk generally. We know how hard it is to juggle complicated and particularly working lives, but we can only represent you if we know your views.

The Council’s first point of contact is our Clerk and proper Officer at **clerk@winterbornestmartin-pc.gov.uk**. As a reminder we try to publish everything pertinent on our website **www.winterbornestmartin-pc.gov.uk/community/winterborne-st-martin-parish-council-18643/home/** so if you are interested in what we are dealing with please visit the website and subscribe for updates.

Cllr David Hutchings

Green Martinstown

Web: greenmartinstown.org.uk

Email: greenmartinstown@gmail.com

I am taking great delight from watching the young blue tits on the garden bird feeders this autumn. I like to think that they emerged from one of the nest boxes made at a Green Martinstown event last year, when families could put together a bird box and take it home to put up in the garden.

Putting up nest boxes creates spaces for hole nesting birds to make nests and lay their eggs – birds like blue tits, great tits, coal tits and nuthatch use nest boxes. Providing birds with opportunities to successfully build a nest is just one way we can make space for nature.

Overall it has been a tough breeding year for birds with success affected by the wet and cold spring and long periods of heavy rain. Cold springs result in less insect food being available as their numbers are reduced by the cold. At our next member meeting there will be talk about bird ringing in the local area. Bird ringing helps us understand what is happening to our bird populations.

As I write this I can hear rooks calling through the valley. The rooks are the gregarious, noisy

black birds with the patch of featherless skin around the base of the bill. They nest in the tops of trees throughout the Martinstown. They seem to be everywhere but since 2020 the number of rooks in the UK have decreased by 20%. Experts are unable to explain why but the loss of grassland and livestock-based farming might be a factor. The numbers of rook nests counted each year in the South Winterborne valley seems to be about the same so hopefully our population of this nationally declining bird might be stable. Seeing and hearing rooks in the village and knowing that they are under pressure and have a declining population in the UK makes me rather proud of living in Martinstown.

Our next public meeting is on 12 October in the Martinstown Village Hall, Professor Mark Kebblewhite, Emeritus Professor at Cranfield University will be leading the evening exploring The Soil, the foundation of life.

If you would like to know more about Green Martinstown and our activities please contact Colin Tracey 01305 889476 colintracey66@gmail.com

WINTERBOURNE ABBAS VILLAGE FETE

Thank you to everyone who braved the weather and attended the Winterbourne Abbas Village Fete on Sunday 1st September. Despite the fact that we had to pack up two hours early due to what felt like a tropical rainstorm, we had a fantastic turnout and a good time was had by all. A huge thank you to all the local businesses who supported us with amazing raffle prizes, they included Winterbourne Abbas Tyre and Auto services, Londis supermarket, Redefine hair, Poundbury, Cook in Dorchester, The Fridge in Dorchester, The Coach House Inn, The Brewers Arms, and Dorchester Collection. Thanks to all the volunteers who helped, baked, sorted, stored, sourced prizes, ran games and stalls, then stayed to clear up even through the torrential rain storm.

The money made will go towards the maintenance of St Mary's Church Winterbourne Abbas.

Palestinian Peace Plea

Will you dance with me and share the tune?
 Will you hold my hand? Come! Do it soon.
 Will you listen to the notes we'll share
 Will you sing with me then be aware.

The song my people sing with tears
 Is one of pain for many years.
 And whilst we struggle hard to cope
 Our melodies seek signs of hope.

Some sing their songs of bread and wine
 Some songs are sung before a shrine
 Our anthem rings 'It is no crime

Our homeland is called Palestine.

Let's make music. You and me.
 Create a holy symphony
 Let's beat the drums and sing out loud
 Let's harmonise all standing proud.

Will you dance with me and share the tune
 Let's sing the words: 'Yes there is room
 Enough in this sacred land,
 If we sing this chorus, hand in hand.'

© Allen Knott August 2024

A NOTE FOR YOUR WINTER DIARY

There will be an
Evening of Entertainment

held at

Martinstown Village Hall

on

Saturday 23rd November • 7.30pm.

Come along and enjoy the theatrical
experience of the week!

There will be **drama, poetry readings, storytelling
and music** all for your delight!

Tickets are £10

and can be purchased from Ann Matthews,
Telephone **01305 889248**

There will be a bar and raffle.

Come along and let us entertain you!

2024 Garden and Craft show.

The traditional garden and craft show was a popular event in the village calendar but due to Covid and hall renovation work it was not able to go ahead for three years and was considered to have come to the end of its life.

A new committee was formed and enthusiastically worked hard to put the show back for the villagers to enjoy. The number of entries was quite low but the standard was high. Judges had a difficult job in some cases finding a winner but many people went home clutching a trophy.

There will be another show next year on **Sunday**

17 August and there will be cider and fruit gin contested so now is the time to start making your own ready for next year.

BURROW

Septic Tank Owners: register your interest in a fully-funded upgrade to a treatment plant.

Due to the Phosphate pollution in your local river catchment we are operating a septic tank replacement scheme using private funding.

We install wastewater treatment plants that remove almost all pollutants, with funding secured from planning applicants who need to create a positive impact on the environment.

Register on our website today.

ARTHUR WESTLAKE LOGS

I am a certified seller of 'ready to burn' coppice logs from a local farm.

The logs are mixed **Hazel, Ash and Beech**, from a local coppice, which are under **20%** moisture.

Sold by the bag at **£6 each** and can be collected from **Old Pound Cottage** or we can deliver, if over **10 bags**.

Mobile no: **07967823410**
